

Ernest D. Peterson

Web Developer

Pensacola, FL Phone: 601-307-4377 [Email](#) [Website](#) [GitHub](#) [LinkedIn](#)

My creative nature and my love for technology has lead me to switch careers. My experiences from starting my own business and managing loads, equipment and personnel gives me a good foundation for teamwork and web development.

Skills

HTML 5 | Javascript/Jquery | CSS 3 | Sass | Git | Gulp | KnockoutJS | Small Business Owner

Projects

[My Website](#) 2018

- Used HTML, JavaScript/Jquery, Bootstrap, KnockoutJs and CSS to make a resumè web site.
- Practical application of the skills learned from Udacity Front End Web Developer Program.

[Neighborhood Map for Udacity](#) 2018

- A challenging project integrating various API's, AJAX, JavaScript and KnockoutJS framework.
- Created a Google maps page showing POI and retrieving reviews and street views of locations

[Frogger clone for Udacity](#) 2018

- An interesting introduction to Object Oriented Programing.
- Learned to read, understand and modify existing code while developing and integrating my own.

Experience

Driver | Airgas | Star, MS 7/2008 – Current

- Driving and managing multiple deliveries a week for over 9 years successfully and safely.
- Filling in at other locations when needed, providing a model later termed "fast team" by corporate.

Owner/Operator | Peterson Transportation | Seminary, MS 4/2003 – 6/2008

- Started my own trucking company.
- Managed leasing, loads, scheduling, bookkeeping and DOT compliance.

Manager/Driver | Sanderson Farms| Collins, MS 11/1993 – 10/1999

- Managed a spray crew of 4.
- Became a driver to help get the live haul division started and substituted for managers needing time off.
